I suggested it, and King Elward took up the idea thoroughly. It was a fitting commencement of the new reign. I know how deeply interested King Edward is in the United States. I have known this since the time, years ago, wher I drove him on a locomotive in the United States, which by the way, he did not forget when we met under different conditions.

BIG SETTLEMENT FOR GEORGIA. General Ballington Booth, commanderin-chief of the Volunteers of America, planning the establishment of a volunteer settlement in the southern part of Georgia, which will be larger than any similar settlement in the United States. It will be known as the 'Volunteer City' and will comprise a "Volunteer City" and will comprise a tract of land covering some 15,000 or 20,000 acres. The property is owned by a wealthy Chicagoan and lies directly in the cotton belt and a cotton manufactory will form the principal occupa ion of the settlers. It is proposed to select thousands of poor families in Chicago and other crowded ilies in Chicago and other crowded cities and furnish them with free transcities and lurnish them with free trans-portation, cottages and land, give them tools and a little money and start them to work. Dyspepsia Cure

A powerful engine can't be run with a weak boiler; and you can't expect to keep up the wear and strain of an active life with a weak stomach. Our boilers, or rather our stomachs, can't be replaced, and we cannot stop the human machinery while making repairs. But when the stomach is unable to digest enough food to keep the body strong, we can use such a preparation as Kodol Dyspepsia Cure. It digests what you eat, so that you can eat all the good food you want, without any distress after eating.

"After forty years of suffering from indigestion, a few bottles of Kodol Dyspepsia Cure cured me."—Amzi Bell, Fredonia, Pa.
